## 03 Reversed text (white on black and on gray)

Reversed 4.5 pt text

Reversed 6 pt text

Reversed 8 pt text

## 04 Paragraph at 8 pt

Printers draw letters from tiny dots. When the head, the toner or the paper is not right, the thin strokes of small letters are the first thing to break up. Read this paragraph at arm length and then up close. Every letter should have clean edges, with no fuzzy halo, no gaps in thin strokes and no smearing between lines.
